

THE MPC CHARACTER TRAIT FOR JANUARY - FEBRUARY IS 'DEPENDABILITY'

Do you arrive on time?
Are you late for Meetings?
How important is it to you that you are dependable?
Did you know that there are people who do depend on YOU?

- When we arrive on time, we are valuing others and, ourselves as a person of integrity and worth
- If we are late, then we are not valuing others, or ourselves

One of the most important Character Traits to have is DEPENDABILITY. If you can be depended on, you will be trusted, and known as a reliable and responsible citizen of your community.

At the MPC Annual End of Year Celebration a Character Award was presented to: Lorraine Botham who for the past eleven years has been a volunteer people could depend on at the Manningham Centre. She has worked for the Auxiliary in fundraising, training volunteers and in the canteen. Her work has been diligent, done with pride, encouraged others and the Centre knew she could be depended on. Well done Lorraine!

President Lionel Allemmand congratulating Lorraine Botham

If you have a member of your organization who has volunteered their time in the community, assisting others, then please let us know. It is important that we recognize the 'carers' in our community and, in particular, those who share the character traits that MPC has been promoting throughout the Manningham Community.
